QUILTS

AWARDS OFFERED DIVISIONS 620 - 626

1st Place	\$50	Rosette
2nd Place		Ribbon
3rd Place		Ribbon

Each quilt we choose to make, whether we reproduce an antique quilt, make a quilt from a purchased pattern or quilt kit, or creatively wander into new and uncharted territories of original work, the act of creation is how we grow. We end up with something tangible to show for the time and effort we've put into making the quilt. And someday someone may see what we've made and be inspired to make their own version, to add their voice to the narrative that the quilts around us tell.

- ***Mary Elizabeth Kinch, Curated Quilts, 2020***

**In 2024, Division numbers for quilting entries have been updated. Two new Divisions, 620 and 621, are for quilt entries that are original designs. Refer to Rule 9 below for more information on what constitutes an original design.*

RULES:

1. Quilts must have stitching that joins the backing, batting and top. Stitching can be computerized, machine, hand-quilted or tied. However, please note the limits for various Divisions on the type of quilting allowed for that Division.
2. All quilt entries must have a hanging sleeve (4" tube sewn to the top of the quilt back). Quilts without hanging sleeves will be displayed folded in locked showcases, space permitting. Framed or wired quilts will not be accepted for judging or display.
3. Divisions are defined to group like quilts together for judging purposes.
4. Classes within a Division may be expanded or combined at the discretion of the Department Supervisor. Classes will be combined if there are fewer than three entries in a class. Classes may be created after entries are received, based on the sizes of quilts entered so that there are at least 10, but no fewer than 3 quilts per class.
5. Quilts cannot be moved after entry to a different Division. Quilts that do not meet the basic Division description and rules will be displayed, but not judged.
6. Quilts may use multiple techniques and thus conform to more than one Division description/rules. Enter quilt in the Division that best describes the Division description. Verification at entry is not conducted; the decision of the judges on conformance to the Division description is final.
7. Entrant is for accurately measuring the quilt width for entry in the appropriate class. Incorrectly entered items may not be judged.
8. Quilts that exceed 84" in length will be pinned up at the bottom for display.
